

Ultimate 200 is a durable polymer concrete trench drain system for use around residential, office and other light duty areas. It is a practical system for draining large amounts of water. Its polymer concrete construction offers excellent mechanical and thermal properties.

Suitable for pedestrian/light vehicle traffic applications such as:

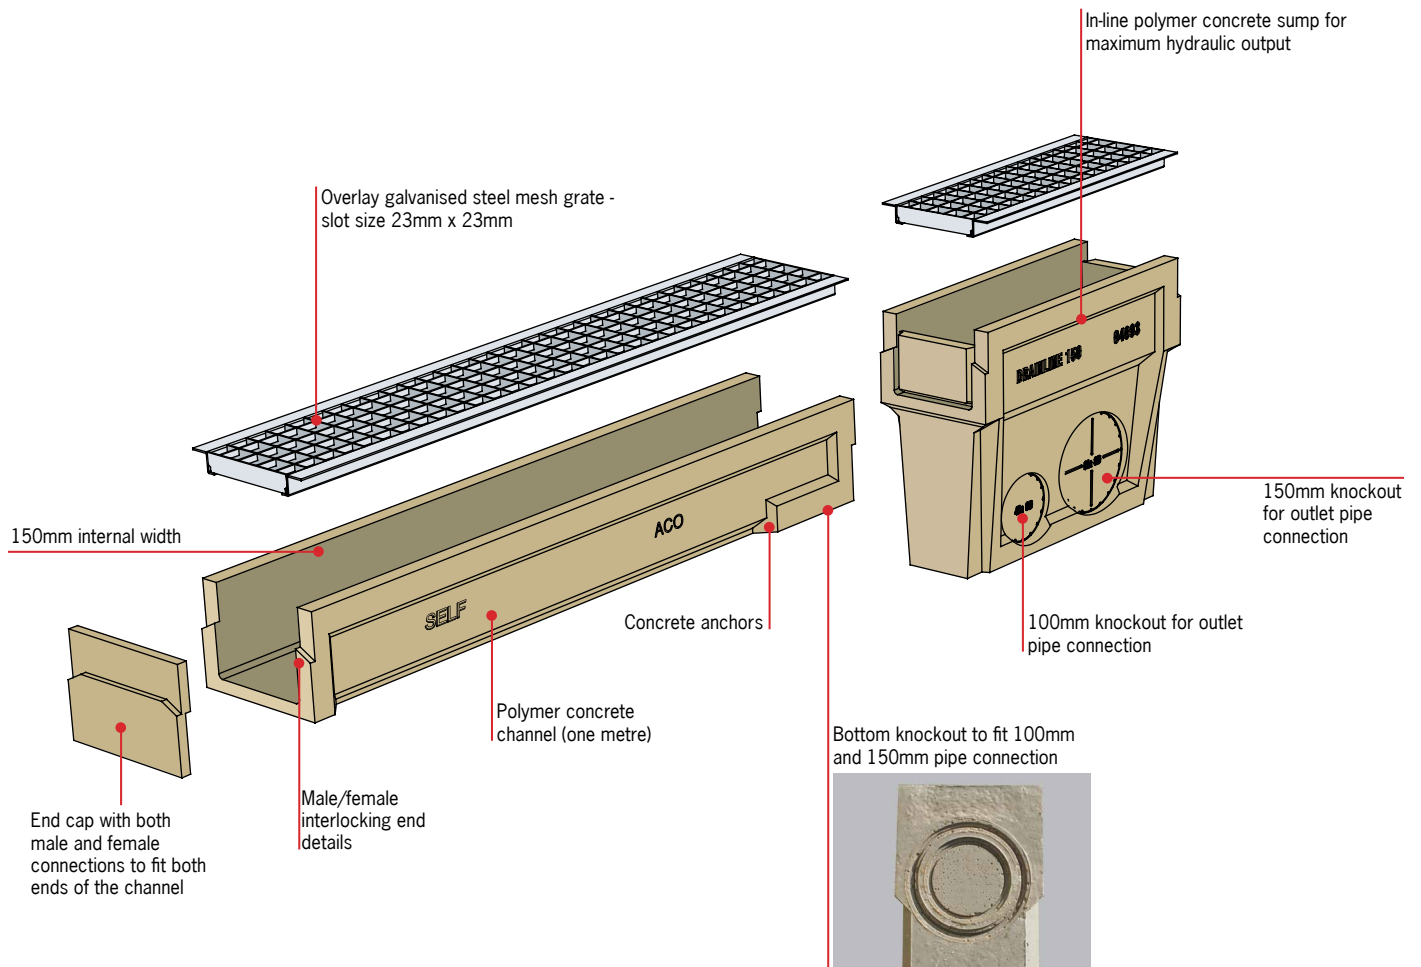

- Driveways
- Patios
- Walkways
- Cart paths
- Light traffic parking areas

The system offers a number of layout and outlet options, including half metre channels and in-line catch basin.
